Re: **Advocacy 2020 – Hold the dates!**
Friday, September 20 and Saturday, September 21, 2019

No matter the outcome of the upcoming federal election, the year ahead promises to be challenging for academic staff.

In preparation, CAUT is offering media, communications, and campaigning training in Toronto on Friday, September 20 and Saturday, September 21. This fast-paced Advocacy 2020 workshop will focus on the tools necessary to shape public discussion and decision-making on critical college and university sector issues.

Registration is free and open to members of CAUT-affiliated academic staff associations. More details to follow.
