Re: **Election Day 2019**

Election Day is fast approaching. We need your help to continue to build momentum and to make sure that education is an election issue that students consider as they go to the polls.

Please share the message below with your members about CAUT's *For Our Future* campaign.

The Canadian Association of University Teachers' *For Our Future* campaign is an issue-based and non-partisan campaign with two goals:

1. To raise awareness about the positive role the federal government could play in strengthening the post-secondary education system; and,
2. To get out the student vote for education.

With Election Day fast approaching and advanced polls open from October 11th to 14th, it is more important than ever to talk to students about the campaign and the importance of voting.

CAUT has created a [presentation](#) and [postcard](#) that academic staff can use to teach students about the campaign and how to register to vote. Together, we can make post-secondary education a priority for students as they head to the polls.

If you have any questions, please contact CAUT's Membership Engagement Officer, Christina Muehlberger at muehlberger@caut.ca or at 613-820-2270 x182.
