

Canadian Association of University Teachers  
Association canadienne des professeurs et professeurs d'université

## Memorandum 24:50

**Date:** December 16, 2024

**To:** Presidents and Administrative Officers  
Local and Federated Associations

**From:** David Robinson, Executive Director

**Re:** **2020-2023 Librarian and Archivist Salary Survey Results**

---

CAUT is pleased to release the results of the 2020-2023 Librarian and Archivist Salary Survey (LASS). The data is now available on CAUT's member website: [Librarian and Archivist Salary Survey, 2020-2021 to 2022-2023](#). A summary report of the results is attached and available at the same link.

The LASS provides valuable data for collective bargaining, lobbying and advocacy for academic and professional librarians and archivists working in university and college libraries. Information on academic and professional librarians and archivists' salaries is not available from other sources, making it vital that we receive the broadest national participation possible.

CAUT extends its appreciation to all those who responded to the survey. Any questions, corrections, comments and further inquiries about the LASS may be directed to [research@caut.ca](mailto:research@caut.ca).
